

We design different stucco systems, based on your needs, to protect your exterior. The table below lists the unseen materials used in these systems that are under the surface.

Materials Used	Gecko	Armadillo	Scorpion	Diamond Back	Rhino
Moisture Barrier	✓	✓	✓	✓	✓
3/8" Hard Coat	✓				
Chicken Wire	✓	✓			
Acrylic Color/Texture	✓	✓	✓		
Fiberglass Mesh		✓	✓		
1/2" Hard Coat		✓	✓	✓	✓
Diamond Lathe			✓	✓	✓
Fiberglass Mesh in Alpha Base				✓	✓
Elastomeric Color/Texture				✓	✓
Rigid Board Insulation					✓

***All with 5 - 7 Year Limited Manufacturers Warranty**
 Limited to material & workmanship, not adjacent materials or acts of 3rd party man or acts of God. Note: Foam detail and expansion joints may be additional depending on extent of use.

It's what you don't see that counts when it comes to stucco.

Any level you select will protect your home to keep out moisture, mildew, critters and insects.

Choose the level you can afford. The better the level of protection, the greater value you add to your home's exterior.

So why not opt for a beautiful and truly worry free cladding.

See how...

Madallion Branded Stucco Protection answers all of those questions. The MBSP is branded in the finish coat and remains with the project for future reference by property owners, contractors, Realtors and prospective buyers. It will tell the story of the installation, and reveal value and level of protection the exterior cladding is providing long after the stucco crew is gone.

Choose from 5 levels of **Medallion Branded Stucco Protection** because...

with stucco, it is what's **Underneath the Color Coat** That makes the difference.

Choices: because not all Stucco jobs are equal

*Just looking at stucco
won't tell you...*

Cement or foam?

Will woodpeckers ruin it?

How thick is the protection?

Chicken wire or Diamond lathe?

What crack protection is used?

What brand of stucco is used?

*What sealant is at the doors &
window casings?*

Is there a warranty?

*Now you will have all the
answers at a glance with*

**Medallion Branded
Stucco Protection™**
